

**TOM O'CONNELL**  
**INTERIM EXECUTIVE DIRECTOR**  
**CODE/INTERACTIVE**

Tom is a former high school physics & computer science teacher and Teach For America alumnus who joined Code/Interactive to build a program that includes professional development, student hackathons, career engagement, internships, and content coaching for computer science teachers and their students. Tom has fostered partnerships & supported teachers with schools and districts nationally as a part of the CSForAll Initiative.

Tom is a frequent speaker and panelist who organizes and hosts education and tech events. He is an adjunct professor at the Lehman College Graduate School of Education and a facilitator for Exploring Computer Science.
